Any file in any format can be uploaded and downloaded for free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. No account or credit card is required to get started. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files can be downloaded from any computer from our high speed servers. Unfortunately, we can't make that part free. We have no file size limit. So try our free and simple filehosting service now. Our service is completely free for everyone. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Using file, you can circumvent those limits without paying to upgrade your team chatservice. The cost of that data transfer is covered by your internet service or the data plan on your phone. Just upload the file you want to share with your friendsand we send you a download link to your file. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Files transferredthe old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You don't need any special software installed to be able to download your files. You decide who you want to share your files with. You can upload any type of file (movies, music, documents, images, zipfiles and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. There areno restrictions on the number of times a file can be downloaded. File is free to use with no gotchas and no hidden fees. Keep your files private, or send your download links only to friends or family. You can give this download link to your friends by mail or instant messenger. If only we coul
