Maybe even better than free.

The cost of that data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and share the link. Why pay storagefees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. There are no restrictions on the number of times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. Ifonly we could, we surely would! On the other hand, using file can actually save you money. Using file, you can circumvent those limits without paying toupgrade your team chat service. Unfortunately, we can't make that part free. File is free to use with no gotchas and no hidden fees. You can give this downloadlink to your friends by mail or instant messenger. You can upload any type of file (movies, music, documents, images, zip files and more). We have no file sizelimit. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. So try our free andsimple filehosting service now. You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we're all 100% clear here:When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. When you usefile, you avoid storing the file you're sending in your cloud storage or mail server. filehosting provides an easy possibility for you to send large files to yourfriends. Just upload the file you want to share with your friends and we send you a download link to your file. Any file in any format can be uploaded anddownloaded for free.
